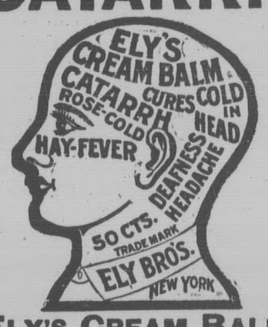
CATARRH



ELY'S CREAM BALM
This Remedy is a Specific, Sure to Give Satisfaction.
GIVES RELIEF AT ONCE.

It cleanses, soothes, heals, and protects the diseased membrane. It cures Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Easy to use. Contains no injurious drugs. Applied into the nostrils and absorbed. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail.
ELY BROTHERS, 56 Warren St., New York.

Twenty Years Trial.

There are lots of good things the doctors know nothing about. We frequently cure people of disease after the doctors have given them up. If the disease comes from overwork, dissipation, or exposure, causing week and watery blood, and loss of flesh and strength, we have the one sure remedy in Dr. Gunn's Blood and Nerve Tonic. These tablets taken with meals turn the food into rich red blood, making strong steady nerves, and increasing the strength, building up solid flesh at the rate of 1 to 3 pounds a week. This means health. For nervous prostration, loss of memory, or a pale, sallow complexion, a better remedy was never made. Doctors know nothing about this remedy only the fact that we make cures; as we have been doing this for twenty years we know our method to be the right one. Druggists sell Dr. Gunn's Blood and Nerve Tonic for 75 cents per box, or 3 boxes for $2, or sent by mail, on receipt of price. Write us for a pamphlet telling all about this great medicine. Address Dr. Bosanko Medicine Company, 128 S. Sixth street, Philadelphia Pennsylvania.

Sure Cure for Piles.

Itching Piles Produce moisture and cause itching. This form as well as Blind, Bleeding and Protruding piles are cured by Dr. Bosanko's Pile Remedy. Stops itching and bleeding. Absorbs tumors. 50c. a jar at druggists or sent by mail. Treatise free. Write me about your case. Dr. Bosanko, Philadelphia, Pa. For sale by Ryan's Pharmacy, Redwood

Natural Result.

It is very reasonable to suppose if the foundation of a structure was removed that the building itself is bound to come down. This same principle can be applied to disease. Take a medicine into the system that will remove the cause of sickness, and the illness leaves of itself. Dyspepsia, indigestion, sick-headache and biliousness, have their foundation in stomach disorders. Remove the other symptoms are no more. There is one cure for this that all druggists sell for 25 cents per box, it is called Dr. Gunn's Improved Liver Pills. They get right at the beginning of the diseases and make the cure by taking away the cause of it. We will send a small box free by mail, or a large box on receipt of 25 cents. Address Dr. Bosanko Medicine Company, 128 S. Sixth street, Philadelphia, Pennsylvania.

An Enjoyable Journey.

Prof. J. A. Foshay, Superintendent of Schools, Los Angeles, is organizing a party to leave the Pacific Coast on June 11th, for a tour of Europe, including England, Scotland, Holland, the Rhine, Germany, Italy and France, with a six days' stop-over at St. Louis to see the Exposition. This will be a fine opportunity, especially for school teachers in the long vacation, to visit such historic spots as Stratford-on-Avon, Edinburgh, The Hague, Cologne, Frankfort, Venice, Geneva and Paris, whilst many more of equal interest will be on the itenery of the fortunate members of Prof. Foshay's party. Write Prof. Foshay for particulars.

Horse Thief Broke Jail.

John Meyers, the ex-convict, who was convicted for stealing two valuable horses from James Curran, some months since and who was sentenced to two years imprisonment, sawed his way out of the county jail, where he is being held as a witness against Gilmour, his alleged accomplice, and enjoyed a few brief hours of liberty. After leaving the jail he walked to San Mateo and there took the electric car for San Francisco where he was caught by a policeman on Sunday morning. Sheriff Mansfield had sent a description of him to all the peace officers of the State. He is again at the jail but is in the tanks where there is no danger of his breaking out again.

GOOD CANDIDATES.

The municipal election which will be held on Monday will be one of the most closely contested in the history of the town. There are a number of contestants for most of the offices and each is making a hard fight.

For the office of Trustee five candidates are in the field, of whom three will be elected. Henry W. Walker, the prominent attorney, is one of the five and will without doubt receive a large vote from his fellow-townsmen, by whom he is held in high regard. He is thoroughly honest and will sacrifice his personal interests for the welfare of the town. His knowledge of the law will make him an invaluable member of the City Council. Henry Morout, who has been a Trustee for the past term, is a candidate for re-election. Mr. Morout has always been on the right side in every contest during his incumbency and has not hesitated to express his opinion on all questions. P. J. Foley, another of those in the race, is too well known to need an introduction to the people of the town. He has lived in Redwood for the past twenty years and has the interests of our city deeply at heart. He is a man who has had practical experience as a road builder, and would without doubt do all in his power to see better streets. George Winter is also a candidate for re-election. Mr. Winter has served on several boards and has taken an active part in the work of that body. Daniel R. Stafford for Clerk and Frank K. Towne for Treasurer will have no opposition.

There will be a warm fight for Marshal. John Christ, who has served the town faithfully and well, seeks re-election. He will have pitted against him Thomas Epperley and J. J. Read, both of whom are energetic young men and who are making a good hard fight. Mr. Christ is a property owner of Redwood and has spent most of his life in this town. While in office he has followed an honest, straightforward policy and hopes that his record will bring him votes. J. J. Read is a prominent union and lodge man. He is a man of family and has many friends who are working for him. All who vote for Mr. Read will have to write his name in the vacant space for Marshal. Mr. Luscher's candidacy is mentioned elsewhere.

Thomas W. Epperley, the candidate for the office of marshal, is making strenuous efforts for that position. He has been a resident of Redwood City for some years and is known as a citizen of sterling worth. As a peace officer he has had a wide experience. He was elected constable of Santa Margarita in 1889 and served for two years, refusing another term. He established a record for bravery and was a terror to evil doers of that place. Mr. Epperley is a man of cool judgment and determination and if elected will do his whole duty to preserve the peace and dignity of Redwood City. No better man could be selected for the office.

In the evening the Sunday school gave the service, which was listened to by quite a large audience. The decorations were fine and ladies who did the work were deserving of much credit. The collections for the day, amounting to $20, was for Home Missions.

The recital given by the Choral Society at the Congregational church last Sunday night was well attended, there being hardly standing room. The singing was exceptionally good, and reflected much credit on the leader, Mr. J. W. Elsworth.

Mr. and Mrs. W. J. Dingee were here on Wednesday inspecting their beautiful residence. They expressed themselves as more than pleased with the place and will move down from the city as soon as the changes in the house are completed. The report of the secretary of the Building and Loan Association for the month of March shows receipts to have been $3,088.58, disbursements $16,007.85. At a meeting of the directors of the Association held Wednesday evening the sum of $25 was subscribed to the fund for celebrating the laying of the corner stone of the new court house on May 2.

The new management of the electric light works are making many changes in the sub-stations in this county. In San Mateo two of the men were laid off, while in Redwood one lineman and the night engineer were dropped from the pay roll. Mr. A. Johnson has charge of all the work at the local station from 12 m. to 9 p. m. From then on the current is turned on and the works take charge of themselves. The Blue Lakes power is put on to the lines and supplies light for all consumers. In case of an accident the patrons would have to wait for daytime to get their light.

Miss Edna Rockwood of San Francisco has accepted the position of kindergartner offered her by the committee and begins work on Monday. The kindergarten outfit has been paid for by St. Peter's Guild and there is every prospect that the kindergarten can be gupported entirely by subscriptions without tuition or money raised by entertainments. A few more subscriptions are needed to provide for incidental expenses and to insure against shrinking in the subscriptions. Parents having children for the kindergarten are requested to have them at the room Monday morning, April 11th, not later than 9 o'clock.

Charles Luscher, the candidate for trustee, is a successful business man of this city, progressive, broad-gauged and fully alive to the needs of the municipality. He is public-spirited, and while he would practice economy in the expenditure of public money, he is not of the penny-wise and pound-foolish sort of men. He is a believer in good streets, and if elected, and his friends think he will be his first move in the new board will be to prepare some plan towards improving the streets of this city. Mr. Luscher is a level-headed business man, with a good knowledge of municipal affairs who would perform the duties of his office conscientiously and to the best of his ability. It would be to the best interests of the city to elect him.

The California Promotion Committee, consisting of one hundred prominent citizens of San Francisco, will arrive here to-morrow afternoon at 2:30 o'clock. Through the courtesy of W. J. Dingee the party will be shown his fine residence and grounds and other points of interest in this locality. It is to be hoped the prominent business men of this city will meet the visitors at the train and assist in entertaining them.

It was rumored yesterday that Geo. H. Rice had purchased the Hadler block. There seems to be good foundation for the report. The deed to the property has not been filed.

THE CARNEGIE LIBRARY.

An Election Will Be Held in the Near Future.

The Trustees of Sequoia Union High School at a recent meeting in the grammar school building discussed the matter as to whether or not part of the High School lot might be given as a site for the Carnegie library. After much discussion it was decided to submit the proposition to the people of the several districts. To that end an election will be held in the near future, at which time the matter will be decided. There are numerous reasons why the people should favor the proposition. To begin with it will in nowise mar the beauty of the High School building, as it will be on a line with that building and that of the grammar school. It will be near enough to the center of town to make it convenient for every one and if built on that lot library facilities will be afforded the High School which it could not otherwise have. This plan was followed in San Jose, where the Carnegie library is built on the Normal School grounds. Also, it is a well known fact that capital invested in one part of the county benefits every other part. Every fine building erected in the county seat enhances the value and desirability of every other piece of property in the county. It should be a matter of pride to see Redwood City have a Carnegie library. Few people in this district but wonder why it is that we stand still while other communities around us progress. Would we need to ask ourselves this question again if such a project as this were not not carried by a large majority. Its dollars to doughnuts that the Town Trustees will not see fit to set aside $2,000, or perhaps $3,000, to purchase a site for the library. If we refuse Carnegie's $10,000 offer we are pursuing a short-sighted policy.

There are some people that hold a nickel so close to their eye that it shuts out the dollar which is just beyond. There are also some people who would get so close to the library that they could not see the High School building. There are kickers and knockers in every town. Show that you are not one of them. Don't be so short-sighted as to think that because the grounds belong to a union district they should not be used for the purpose of benefitting the town. Tell your neighbor that you are in favor of the project and go with him to the polls and vote to have Redwood City's Carnegie library situated on the High School grounds.

MAY BE A SUMMER RESORT.

The Southern Pacific Is Negotiating for Its Purchase.

The residence and grounds of the late Alvinza Hayward at San Mateo, will if the Southern Pacific Company carries out its intentions, becoming a place similar to the Del Monte summer resort.

The house, although not a modern structure, has accommodations and equipments that will answer all modern usages. It was built many years ago, but all the conveniences that could be obtained were purchased and installed in the building. Of its exterior it is not unlike that of the famous Hotel Del Monte. It is of the same style.

The grounds are beautifully laid out, and they contain fully fifty acres of wooded land. A deer paddock on which Mr. Hayward spent a great deal of money, is an attraction for miles around. It contains about twenty deer.

It is reported that the Southern Pacific Company is negotiating for its purchase. The place is situated near the railroad and almost in the heart of the town. It would make a veritable Del Monte.

Blames the City Agent.

Mrs. Johnson of Belmont on Thursday filed an amendment to her complaint in her action against the German-American Insurance Company of New York, of which Mr. Behrens is the local agent. It seems that the property is not correctly described in the policy and the company is seeking to avoid paying the insurance. Mrs. Johnson sets up in the amendment that the policy was retained by Mr. Behrens because the bank had a mortgage on the property; that she never saw the insurance policy until after the fire; and that the description in the policy is the act of the insurance company; that for many years she had paid her insurance to Mr. Behrens upon the representation that the property was insured. She contends by the amendment that she should not lose her insurance because of the company's mistake in describing the property in the policy. Mrs. Johnson in an interview wholly exonerates Mr. Behrens in the matter and lays the blame wholly to Mr. Tyson, the city agent.

A Horse Stolen.

A valuable horse was stolen from the pastures of C. R. Splivalo at Belmont this week. The animal was not missed until Thursday when the Sheriff's office was notified.

If all women were blind they would have fewer wrinkles, for they would cease to worry about the fine clothes other women wear.

Five Cows Killed.

Five cows were killed and torn to pieces out of a herd of about forty dairy animals on the track just below Millbrae shortly after 7 o'clock Tuesday night, when the southbound Palo Alto local train rushed on its way down the peninsula from San Francisco. The train suffered no harm and the passengers were only slightly jarred by the mushy compact with the animals. The train arrived in Palo Alto more than half an hour late.

Well Deserved Promotion.

The faculty of Stanford University this week promoted Stanley Smith from the rank of assistant to an instructorship. This advancement carries with it a good raise in salary and will go into effect immediately. Mr. Smith has charge of all the Spanish taught at the University. As he is so young, not yet having reached his majority, Mr. Smith is to be congratulated on his rapid advancement in educational circles. He is the youngest instructor at Stanford.

Prize for the Winning Team.

George C. Ross has offered a prize of $100 to be given to the winning team in the intercollegiate debate between teams from the University of California and Leland Stanford Jr. University, which is to be held at the Alhambra Theatre, San Francisco, April 23d. Mr. Ross made a similar offer last year.

THE HIGH SCHOOL DEBATE.

The Palo Alto High and Sequoia High Meet Friday Night.

Hard Contest for the Handsome Trophy Is Expected on That Occasion.

Next Friday evening, April 15th, Sequoia's representatives will meet the orators of the Palo Alto High School in their first annual debate. The contest will take place in the Assembly Hall of this city at 8 p. m. The Palo Alto students, over a hundred in number, will arrive in Redwood about 6:30, and long before the debaters appear upon the rostrum will show what they can do in yelling. Sequoia's rooters also promise to be on the spot and a preliminary contest to determine which can outyell or outsing the other is expected.

This debate will be the initial contest held under the Sequoia-Palo Alto agreement. These schools will meet three times. The permanent possession of the trophy cup will be given to the school winning two out of three years, but the winner of this debate will keep the cup temporarily—until defeated by the opponent. One of the stipulations of the agreement is that the members of the faculty from either school shall be allowed to help the debaters only as a medium of advice. Thus the efforts of the speakers will represent their actual ability. In order to have the decision free from all question, the three judges have been selected from the Stanford faculty.

A magnificent silver cup has been purchased jointly by the two schools. It is tall and graceful, of a beautiful silver gray finish and designed after a French yacht cup. The trophy is far handsomer than any other cup ever offered by the old league.

The question for discussion is: "Resolved, "That it would be for the best interest of Californians to divide the State into two States, Northern and Southern California." Palo Alto will support the affirmative. Her representatives are the Messrs. Newlands, Lakin and McPheeters. Mr. Newlands, who has been chosen leader, has been debating at Palo Alto for several years. He will have the rebuttal. Mr. Lakin is a new speaker who did some hard work in the tryout and easily earned his place. The last Palo Alto debater, Mr. McPheeters, has also had experience as a speaker. All three young gentlemen are Seniors at Palo Alto.

Sequoia's debating team this year is composed of Gerald C. Halsey of '04, Miss Celia Watrous, '05, and J. Wesley Bulware of '06. With the exception of Miss Watrous, this is the same team that met the University of the Pacific. Mr. Halsey, Redwood's leader, needs no introduction as a speaker. This is Miss Watrous' first year as a debater. She has had considerable experience in amateur theatricals, however, which is expected to help her greatly. Wesley Bulware completes the team. He gained his knowledge of the art of debate in both last year's contest and in the tryouts for the San Jose debate. Perusing the records of all the debaters, it is surprising how evenly matched the two schools are. Undoubtedly one of the best and most stubbornly contested debates ever held between preparatory schools will take place, a debate capable of calling forth the the highest eclat.

The contest is sure to be largely attended, as this is the first debate that has been awarded to Redwood in several years. As usual, no admission will be charged. The seating capacity of the Assembly Hall numbers 600 people. The students will occupy fully two hundred of these, so that an early arrival will be necessary to secure a seat.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Monday's Meeting.

The Court House Will Be Built of Stone.—New Steel Bridge for Fifth Township.

The Board of Supervisors met in regular session Monday. All the members were present.

Attorney Charles Patton representing the petition to close streets in the City Extension Homestead Association, at Colma, asked that the matter go over for two weeks. He explained that he was called by telephone to San Francisco to appear in Court in the afternoon. H. W. Brown appeared for the protestants and said that while he would like the petition to be taken up at once, yet as a matter of professional courtesy he would consent to the postponement. Chairman Coleman said when that order of business was reached he would make that order.

On motion of McEvoy seconded by McCracken, Mrs. C. S. Dalve was allowed $88 on the unused portion of her liquor license.

Chairman Coleman made an order instructing the clerk to return all plans for the new courthouse to the various architects who competed.

A communication from the Chairman of the Association of State Highways of Santa Barbara was read and on motion of McEvoy seconded by Eikerenkotter was filed.

A lengthy communication was read from Professor H. O. Jenkins of Stanford University, and on motion of McEvoy seconded by Eikerenkotter. Same was referred to the District Attorney to report at the next meeting of the Board.

A deed of essment for a strip of land in the second township was presented to the Board by George Kreiss for Annie E. Johnston, executrix of the Jacob Johnston Estate. On motion of McEvoy seconded by Eikerenkotter the same was ordered filed and recorded in the road book of the county.

The following petition was presented by F. P. Hooper and others. At the suggestion of District Attorney Bullock the date of hearing was fixed for Monday, May 2:

To the Honorable Board of Supervisors of the County of San Mateo, State of California: We, the undersigned, tree-holders and tax-payers of the First Road District of this County, and all of whom own property which is taxable therein for road purposes, and two or more of whom, to wit, J. T. Casey and B. S. Greene, are residents of said Road District, hereby respectfully petition your Honorable Body to close those certain streets or roads known as and called, Brady street, Yates street, Frank street, and that portion of Washington street lying west of the line drawn north and south through the centers of blocks 3 and 24 as said streets are laid down and delineated on the map of School House Land Association, filed of record in the County Recorder's office of the County of San Mateo on the 10th day of July, 1872, and now of record in Map Book Number One (1) at page nine (9) in the office of the Recorder of said County, which said map is so recorded in said book and page through mistake, under the name and title of "School House Homestead Association" to which reference is hereby made and the same made a part hereof, and in behalf thereof, we respectfully represent that your petitioner F. P. Hooper and J. A. Hooper, are the owners, and in the possession of all that portion of said School House Land Association that is traversed by said streets herein petitioned to be closed, and including blocks numbers 7 and 10 of block 24.

That your petitioners said F. P. Hooper and J. A. Hooper are also the owners and in possession of a fifty (50) acre tract lying directly west and adjoining that certain portion of said School House Land Association hereinbefore particularly mentioned and described.

That no roads or streets or avenues have ever been laid out on the ground or opened as such. That there is no person who has, at any time, made use of any portion of the lands embraced within the property herein described, other than your petitioners, said F. P. and J. A. Hooper, and their predecessors, as owners.

That said streets and roads, are streets and roads "on paper only" and they have never been accepted by the public or your Honorable Body as streets or highways of said County or State.

That all the balance of said homestead is divided into lots and blocks, surrounded by streets and avenues and that the abandonment and discontinuance of said streets and avenues herein petitioned to be closed can be had without injury or inconvenience to any one and without public detriment.

And your petitioners further represent, that it will not be necessary to appoint viewers for the purpose of reporting upon the abandonment and discontinuance and closing of said streets and roads as herein prayed for as the same may be discontinued and declared closed without any expense to said county or the public and that your petitioners, said F. P. and J. A. Hooper, will pay any expense which may be incurred for advertising or otherwise connected with this petition.

Wherefore, your petitioners pray that a day be fixed for hearing this petition, and that notice of such hearing be given as required by law, and that upon such hearing an order be given and made by your Honorable Body abandoning, discontinuing, and closing said streets and roads as unnecessary and of no use to the public, and that thereupon the same be abandoned, discontinued, and closed.

P. P. Chamberlain of the Corner Stone Celebration Committee, stated that all arrangements were progressing satisfactorily, but the contractors had informed him that they must know at once the decision of the Board as to the change from brick to stone, as unless they receive this information there may be a delay in the arrangements.

Attorney Geo. C. Ross said the present uncertainty embarrassed the committee to a considerable extent, and he hoped there would be no reason for any delay.

Contractor Amwig said the only official record he had from the Board was to build of brick and terra cotta. He had heard indirectly that the Board had decided to change to stone. Unless he was officially notified to the contrary he would have to go ahead with the original contract. He wanted the Board to understand that any delay could not be attributed to him, as he would welcome information as to whether or not he should proceed along the original lines. "If you desire stone," he said, "say so. If you don't, say so. Then I will know where I stand."

The plans and estimates for the change were discussed by the Board. The estimate of the architect was also submitted. McEvoy said that inasmuch as the price was satisfactory, viz., $57,900 for tooled stone the matter should be settled at once. On his motion seconded by Debenedetti the new plans as amended were adopted. On motion of McEvoy seconded by McCracken the American-Hawaiian Construction Company's bid of $57,900 was accepted and the District Attorney instructed to draught a contract to be approved by the Chairman.

The following consent to the change was furnished by the contractor and ordered filed:

In the Board of Supervisors of the County of San Mateo, State of California.

April 4, 1904.

The undersigned contractor for the construction of the proposed new Court House does hereby consent to the alteration of the original plans, drawings, and specifications for said Court House, and does hereby agree to make these changes and alterations as set out in said amended plans, drawinds and specifications and to furnish all the required material and labor therefor for the sum of fifty-seven thousand nine hundred (57900) dollars, said changes to be in accordance with said amended plans, drawings and specifications this day adopted.

We the architects for said proposed new Court House do hereby consent to and appreve said changes and and alterations as this day adopted by said Board.

DODGE & DOLLIVER,
per G. A. Dodge.

The matter of forming the Las Lomitas school district was then taken up. J. B. Felix presented a modified petition which described new boundary lines taking in less territory than the former petition. Mr. Felix said he would like to have the prayer of the first petition granted. McEvoy explained that the one before the Board was a compromise petition and he would vote for no other. On his motion seconded by Eikerenkotter the prayer of the petition was granted.

An ordinance reprecincting the county was presented by McEvoy and seconded by Eikerenkotter and adopted and same ordered published in the Times-Gazette and Democrat and that portion referring to the second township was directed to be published in the San Mateo Leader.

McCracken presented plans and specifications for a steel bridge to be constructed at Pescadero. The complete steel bridge it was estimated could be built for $9500, and with steel spans and wooden approaches $7600. McCracken urged the Board to accept the former estimate, saying that the wooden approaches would soon have to be replaced and owing to the small difference in cost it would be wisdom to erect a complete new steel bridge.

McEvoy thought that owing to the shortness of funds the Board was not warranted in expending such a large sum.

On motion of McCracken seconded by Debenedetti the plans for a steel bridge were adopted and the clerk instructed to advertise for bids.

The clerk explained the condition of the General Fund saying that there were claims amounting to $11,442 on file and only $2,000 available to pay them. After some discussion it was agreed to transfer sufficient amount from other funds to liquidate claims. The transfer will be made at the next meeting of the Board.

Mr. Ferguson will be laid up six weeks.

In addition all the well-known soaps, powders and perfumes, imported and eastern, are carried in stock.

THRASHING SERVANTS.

Domestic Life In England In the Time of Henry VIII.

In that remarkably minute chronicle of domestic life in England in the time of Henry VIII., Tusser's "Five Hundred Points of Good Husbandry," the learned and pious author seems to take it for granted that the only way of dealing with maidservants is to thrash them unmercifully. He tells us in his inimitable doggerel that "a maid must be forced to be cleanly" or she is to be "made to cry creak." Mistresses are advised "to go about with a holly wand in their hand, although they may not always have occasion to use it, and to pay home when they fight"—that is to say, thrash—"but not to be always chiding." As regards the laundry, the domestic serfs are "warned to take heed when they wash or run in the lash and to wash well, wring well and beat well, so that if any lack beating it will be themselves."

As for the unhappy Cicely, the dairymaid, she is to cry "creak"—that is to say, to be thrashed—if her cheese is "loven" or puffed up, and if the cheese be tough Cicely is to have "a crash." If the cheese be spotted Cicely is to be amended by the bayes, and if it be too full of whey the wretched dairymaid is to have "a dressing." Finally, if any maggots are found in the cheese, "mistress is to be at Cicely by and by."

Not His Fault.

A doctor was summoned to attend the miller's little boy. He wrote out a prescription, which was promptly made up and administered in due form. The next day he called again to see his patient and found the whole family in tears.

"Alas!" said the mother, "I shouldn't have thought that my poor child would have died of the measles."

"What!" exclaimed the doctor. "He had the measles, and you never told me?"—Paris Journal.

The Joke on Her.

"I suppose being the wife of a humorist is a continuous joke," said her former schoolmate.

"Yes," she sadly sighed, looking at

Miss Ida M. Snyder,
Treasurer of the Brooklyn East End Art Club.

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McElree's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

Wine of Cardui is a regulator of the menstrual functions and is a most astonishing tonic for women. It cures scanty, suppressed, too frequent, irregular and painful menstruation, falling of the womb, whites and flooding. It is helpful when approaching womanhood, during pregnancy, after childbirth, and in change of life. It frequently brings a dear baby to homes that have been barren for years. All druggists have $1.00 bottles of Wine of Cardui.

WINE OF CARDUI

A TIRELESS WORKER.

The Marvelous Energy That Was a Part of Macaulay.

No life was ever lived at higher pressure than that of Macaulay. He was not only "like a book in breeches," as Sydney Smith said of him; he was also like an intellectual steam engine. His thirst for knowledge was only equaled by his amazing capacity for retaining knowledge and by his passionate interest in all the aspects of life. "I wish I knew as much of anything as Macaulay knows of everything," said Melbourne, and, though the epigram may have been intended as a gibe, it approximated to the truth. To the average dullard of the world it must have seemed that this tempestuous man was literally omniscient. He plunged into Italian like a boy rejoicing in a new toy; he took up Spanish with an appetite growing by what it fed on, and then he returned to Greek with a joy which he found indescribable. He amused himself in going to India by learning German and mitigated the distress of a voyage across to Ireland by committing "Paradise Lost" to memory, claiming, doubtless with truth, that if by any inconceivable mischance the great epic were to be utterly destroyed he could from the tablets of his memory give it back to the world.—London News.

A Highland Dinner.

"The highland dinner is a very smart affair, and one that is never seen south of the Tweed," says the London Queen. "The laird wears his full dress kilt every night, and every one with any claim to a clan does the same, so that often there are more kilted men around the table than black coats.

"The full kilt dress is splendid, and a man to the manner born looks far better in it than in any other clothes. It gives width, height and dignity to the wearer, with its shayd, sporran and brooches. Not only does the laird wear his highland dress, but toward the end of dinner his piper, who has played in the hall outside during the meal, comes into the room and marches around the table. The pipes are a little deafening, but the player looks so fine that one is glad to see him. Most of the pipers in the more noble families have inherited the position from their ancestors and are rightly proud of the post. After dinner, if there is a big house party, there is often a dance. Then the piper is at his best, as he plays his pipes for the lightsome reels to be danced, beating time with his foot the while."

The Value of Politeness.

If those who are doubtful as to the correct course to pursue in any given situation will remember that even the wrong thing is overlooked if one is but absolutely polite in the doing of it, their relief might be great.

A genileness of demeanor and a courteous response or question can never be out of place. A man may wear a business suit of clothes to an evening wedding less noticeably than a truculent air of insolence. If he be perfectly well bred as far as behavior goes, it matters not so much what his outward garb, although by an unwritten law of social observance certain clothes are the correct thing for certain occasions.

Politeness is never wrong. Its practice goes nearly all the way toward the goal of the right thing in the right place. We hear of polite insolence, but insolence is never polite, and it is never under any circumstances polite to be insolent.

Invitations.

Archie—See how I am run after. All these are invitations.

Friend—Good gracious! All invitations? Invitations to what?

Archie—To call and settle accounts.

NURSING MOTHERS

"A richer milk than milk" is good food for nursing mothers. Scott's Emulsion is the rich cream of cod liver oil, and contains ten times as much cream as milk does.

The nursing mother must eat with the purpose of producing good, nourishing milk for her baby. A little Scott's Emulsion is often a very wise addition to her daily diet. If through nervousness or weakness her milk is a failure, Scott's Emulsion will help make it a success.

The baby gets the benefit, too, when the mother takes Scott's Emulsion. The same remedy brings new strength and nourishment to both.

BOOKS YOU OUGHT TO HAVE.

We have issued three publications which every trans-continental traveler should read.

One is a 24-page booklet—"The Way Book of the Golden State Limited." It is really an annotated time table, briefly describing the cities and points of interest along the El Paso-Rock Island Route.

The other book is called "The Golden State Limited." It contains 16 pages and is devoted almost entirely to a description of the train, which is, as everyone who has seen it knows, the handsomest in the country.

The third publication is a folder "Across the Continent in a Tourist Sleeping Car." In it is a map of the various tourist car lines operated by the Rock Island System, as well as time tables and information as to the cars themselves.

All three books are mailed free to any one who will take the trouble to ask for them.
